Pennants and banners of both schools fluttered from the edge of the grand stand and when a player showed HEYDON MADE A TRIPLE his ability on the field he was cheered lustily by the rest of his schoolmates, who waved their banners in appreciation. INTENSE RIVALRY.

The intense rivalry which is known to exist between the two schools manifested itself about the seventh inning, when a M. T. H. S. student, followed by a few schoolmates, headed for the east end of the stand carrying a small pennant. This Tie Broken by Indianapolis in the was looked upon by the Shortridge students as a challenge, and, without words, a fierce battle was begun. The pennant was wrenched from its possessors and torn in shreds, and in the melee a number of students were knocked down and trampled on by the excited scholars. The fight grew to such proportions that it was necessary for | Yesterday's Results and Attendance. the police to interfere. One of the M. T H. S. boys, in leaving the crowd, was carried by some of the North Side boys and thrown over the edge of the stand, but he

carried away a cap from his rivals. The Shortridge team earlier in the season demonstrated that it was capable of playing a fast, scientific game, but yesterday they were at times confused and threw the ball in many directions. "Tooter" Quinn, of the M. T. H. S., endeared himself to the hearts of his schoolmates in the first inning, when he drove a liner over second base between right and center field, making three bases and sending in two men ahead of him. Diddle, of the same team, gave a demonstration of his sprinting ability by stealing four bases on Allen, who is a fast, clever catcher. Gibbs, who was in the box for the Carpenters, pitched a gcod, steady game, only allowing the Elacksmiths six hits. His support was not of a high order, which probably cost the

HARVARD WON CHAMPIONSHIP.

Secured 44 Points to 30 5-6 by Yale-Track Was Muddy.

NEW YORK, May 25 .- The annual track and field championship of the Intercollegiate Association of the Amateur Athletic Union of America was concluded to-day at the Berkely Oval. Wretched weather literally ruined what promised to be the most eventful event of the history of the organization and instead of a crop of new records to be content with a series of mediocre performances. About 1,500 people of both sexes tried to incuse enthusiasm into the mud-bespattered athletes, who, in spite of the muck and mire, responded gamely.

As anticipated, the battle for the championship cup was fought out to the bitter end and when the final reckoning came, the anxious boys from New Haven saw with dismay that their old rival, Harvard, | broken up Monday next. was the victor by the splendid score of 4 points. Yale was credited with 30 5-6 points, which gave her second place, and Princeton came third, with a total of 16 1-6 points. To the surprise of the spectators Cornell took fourth place with fifteen well-earned

AFTER CRACK RIDERS.

An Effort Will Be Made to Get Them for This City.

The American Bicycle Company, which will control nearly all the best professional riders in the country this year, is importing the best English, French and German riders to the United States to enter them in the big meets. The managers of the Newby Oval track are now in correspondence with the A. B. C. to secure some of the crack riders for the big meet at Newby Oval Decoration day night. There is no positive assurance that any of these riders will be secured for this meet, but if they cannot come this week they will ride here

Manager Hay has arranged a good programme of events, and one of the largest crowds that ever gathered at the Newby Oval track is assured for next Thursday night. As the rain does not interfere with the woodentrack, unless it rains the night of the races, persons who desire to attend the races will be assured that the programme will be carried out, even should it

rain on the day of the meet. The motor event will be a test of the speed of the motor cycles and not a paced race, such as seen here the close of last season. There will be single machines, tandems and three-wheel motors in this event, and the slowest machines will be given a handicap, so as to make the race more equal. The first race will be called at
